INTERESTS

- One of my biggest passions is creating content for YouTube. I primarily focus on gaming videos, especially horror games, where I handle everything from recording the gameplay to editing the footage in Premiere Pro. I love adding layers like background music, funny sound effects, and visual edits to keep things entertaining and immersive. While I mainly produce long-form content, I also have solid experience creating engaging short-form videos.
- Outside of content creation, I'm really into exercising. It's a big part of my routine because it helps boost my mood, energy, and overall quality of life.
- And lastly, I'm a huge fan of video games, particularly challenging, atmospheric titles like Elden Ring and Dark Souls. I enjoy the depth, the world-building, and the thrill of overcoming tough enemies.
